

SAIKUMAR CHITHARI

Data Analyst | AI & Data Science Specialist Hyderabad, India | +91-9032140620 |
chitharisai170@gmail.com [\[LinkedIn Profile\]](#)

PROFESSIONAL SUMMARY

Aspiring Data Analyst with a strong foundation in **Python, Machine Learning, and Data Visualization**. Experienced in data preprocessing, statistical analysis, and predictive modeling to derive actionable insights. Proven research capability with a **published paper in Deepfake Detection** and hands-on experience in automating enterprise workflows using AI. Seeking to solve real-world business problems at Cognizant.

TECHNICAL SKILLS

- **Languages:** Python, SQL, C, Java.
 - **Data Science Stack:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, TensorFlow.
 - **Databases & Tools:** MySQL, Excel, Power BI, Jupyter Notebook, GitHub.
 - **Core Competencies:** Data Cleaning, EDA, Statistical Analysis, Predictive Modeling, Reporting.
-

RESEARCH & PUBLICATIONS

Lead Author: "Deepfake Detection using ML & DL" | *ICAME 2025*

- Developed a real-time detection system leveraging Machine Learning and Deep Learning for cybersecurity.
 - Published findings in the **International Conference on Advances in Materials and Engineering (ICAME)**.
 - **Awarded Second Prize** in the National Paper Presentation Competition.
-

EXPERIENCE & INTERNSHIPS

Machine Learning & AI Intern | *Sukshi* | Jan 2025 – Jun 2025

- Applied core concepts of ML and AI to build foundational models using practical datasets.
- Collaborated on real-world case studies to improve model accuracy through data preprocessing.

Excel Automation Specialist | *Project*

- **Automated repetitive data entry tasks** by integrating Python with ChatGPT/AI, significantly increasing reporting efficiency.

Technical Training | *Smart Interviews*

- Focused on advanced logic building, competitive coding, and interview readiness.
-

SELECTED PROJECTS

Suspicious Email Detection

- Built a classification system for phishing and spam emails using ML and NLP.
- Improved detection accuracy through strategic feature selection and model tuning.

Smart India Hackathon 2025 (Finalist/Participant)

- Developed an **AI-powered chatbot** for travel planning and real-time support in the tourism sector.
-

EDUCATION

- **B.Tech - Computer Science & Engineering (AI & DS)** | *CMR Engineering College* | **7.99 CGPA** | *2021–2025*
 - **Intermediate (MPC)** | *Board of Intermediate Education* | **74%** | *2019–2021*
-

ADDITIONAL INFORMATION

- **Languages:** English (Fluent), Telugu (Native), Hindi (Intermediate).
- **Availability:** Immediate.
